

SEMINAR INVITATION

MICROMEDEX TRAINING SEMINAR FOR CURRENT MICROMEDEX USERS

Complimentary Training seminar targeted at current Micromedex users within Landspítali University Hospital, Icelandic Poison Information Centre and University Hospital Pharmacy.

Seminar venue: Hringssalur, Children's Hospital, at Landspítali in Hringbraut, Reykjavík

Date: Thursday 2 June 2016, 12.30 – 14.00

The objective with the seminar is to give persons who are using Micromedex today a go-through of recent and upcoming developments, to provide concrete tips and advice how to get the best possible benefits and value from your Micromedex-access. The presenter, Fabien Wecker, will be able to answer any of your questions and discuss any issues related to using Micromedex for medical information sourcing.

Presenter: *Fabien Wecker*, MSN, RN, MA, Senior Clinical Training Manager at Truven Health Analytics and *Dan Ahlskog*, Wize Nordic - Truven Health Analytics regional representative for Iceland & Scandinavia.

Pre-registration of attendance no later than May 20th at:

SEMINAR INVITATION

MICROMEDEX INTRODUCTORY PRESENTATION FOR HEALTHCARE PROFESSIONALS AND DRUG INFORMATION EXPERTS IN ICELAND

Complimentary Seminar targeted at physicians, pharmacist, pharmacologists, toxicology experts, researchers, professionals in clinical medicine, medical education, research and within government agencies in Iceland.

Seminar venue: Hringssalur, Children's Hospital, at Landspítali in Hringbraut, Reykjavík.

Date: Thursday 2 June 2016, 14.30 – 16.00

Introductory overview of Micromedex for non-users with a clinical focus and how the service can be used as a time-saving information and knowledge resource for sourcing evidence-based information. The objective with Micromedex is to provide information for a safe prescribing of medicines, drug treatment and for toxicology information, reducing medical errors and managing diseases and conditions with strengths of efficacy ratings, recommendations and warnings. Micromedex is compiled through a rigorous evidence-based editorial process through which the international medical literature is being scanned and evaluated on a continuous basis. The presentation will have a clinical focus with real-life examples from using Micromedex in a clinical setting.

Presenters: *Fabien Wecker*, MSN, RN, MA, Senior Clinical Training Manager at Truven Health Analytics and *Dan Ahlskog*, Wize Nordic - Truven Health Analytics regional representative for Iceland & Scandinavia.

Pre-registration of attendance no later than May 20th at: <http://interest.truvenhealth.com/LP=1497>
